INDEPENDENT AUDITORS' REPORT

Honorable Darrell Stephens, Mayor
and Members of the City Council
City of Abernathy, Texas

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Abernathy, Texas (City), as of and for the year ended September 30, 2009, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2009, and the respective changes in financial position and cash flows where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 19, 2010, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The accompanying Management's Discussion and Analysis, funding progress for the retirement plan, and budgetary information as listed in the table of contents are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The additional schedules as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The additional schedules as listed in the table of contents have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

CITY OF ABERNATHY
MANAGEMENT'S DISCUSSION AND ANALYSIS

January 19, 2010

Honorable Mayor, City Council Members and Citizens of the City of Abernathy, Texas,

This section of Abernathy's annual financial report presents our discussion and analysis of the City of Abernathy's financial performance during the fiscal year that ended on September 30, 2009. Please read it in conjunction with the City's financial statements and Independent Auditors' Report.

FINANCIAL HIGHLIGHTS

The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$5,641,428 (net assets) as compared to \$5,458,672 for the previous fiscal year. Of this amount, \$986,942 (unrestricted net assets) may be used to meet the City's ongoing obligations to citizens and creditors.

The City's total net assets increased by \$182,756 as a result of this year's operations as compared to an increase of \$386,788 in the previous year.

During the year ended September 30, \$1,914,784 and \$2,161,504 generated in taxes and other revenues.

The balance of cash and investments at September 30, 2009 and 2008, were \$912,930 and \$724,027, respectively.

Expenditures

Total fund expenditures for the year ending September 30, 2009, compared with the year ending September 30, 2008, are as follows:

	Expenditures		
<u>Fund</u>	<u>2008-2009</u>	<u>2007-2008</u>	<u>Change</u>
General Fund	\$ 1,128,637	\$ 1,451,489	\$ (322,852)
Water/Sewer Fund	604,452	642,592	(38,140)
Airport Fund	18,492	19,349	(857)
Total	<u>\$ 1,751,581</u>	<u>\$ 2,113,430</u>	<u>\$ (361,849)</u>

The decrease in General Fund expenditures is due to a decrease in Capital Outlay, Home Grant expenditures, and contracted services. The decrease in the Water/Sewer Fund is attributable to small decreases in various expense categories.

Revenues

The City's revenues were down for the year ending September 30, 2009, when compared with the year ending September 30, 2008. Year-end revenue totals are as follows:

Revenues			
<u>Fund</u>	<u>2008-2009</u>	<u>2007-2008</u>	<u>Change</u>
General Fund	\$ 1,255,188	\$ 1,514,195	\$ (259,007)
Water/Sewer Fund	645,638	631,234	14,404
Airport Fund	<u>20,285</u>	<u>19,504</u>	<u>781</u>
Total	<u>\$ 1,921,111</u>	<u>\$ 2,164,933</u>	<u>\$ (243,822)</u>

The decrease in Fund revenues is largely attributable to reduced grant revenues received.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of a series of financial statements and notes to those statements. The statements are organized so the reader can understand the City as a whole and then proceed to provide an increasingly detailed look at specific financial activities.

The government-wide financial statements include the Statement of Net Assets and the Statement of Activities. These provide information about the activities of the City as a whole and present a longer-term view of the City's property and debt obligations and other financial matters. They reflect the flow of total economic resources in a manner similar to the financial reports of a business enterprise.

Fund financial statements report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. For governmental activities, these statements tell how services were financed in the short-term, as well as what resources remain for future spending. They reflect the flow of current financial resources and supply the basis for tax levies and the appropriations budget.

The notes to the financial statements provide narrative explanations and additional data needed for full disclosure in the government-wide statements and the fund financial statements.

Reporting the City as a Whole

Government-Wide Financial Statements

The analysis of the City's overall financial condition and operations is presented in the Statement of Net Assets and the Statement of Activities. Its primary purpose is to show whether the City is better off or worse off as a result of the year's activities. The Statement of Net Assets includes all the City's assets and liabilities at the end of the year while the Statement of Activities includes all the revenues and expenses generated by the City's operations during the year. These statements apply the accrual basis of accounting which is the basis used by private sector companies.

All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. All the City's assets are reported whether they serve the current year or future years. Liabilities are considered regardless of whether they must be paid in the current or future years.

These two statements report the City's net assets and changes in them. The City's net assets (the difference between assets and liabilities) provide one measure of the City's financial health, or financial position. Over time, increases or decreases in the City's net assets are one indicator of whether its financial health is improving or deteriorating. To fully assess the overall health of the City, however, you should consider non-financial factors as well, such as changes in the City's infrastructure, its property tax base and the condition of the City's facilities.

In the Statement of Net Assets and the Statement of Activities, the City is reporting its governmental activities which include water, sewer, vector control (mosquito spraying) and garbage collection.

Reporting the City's Funds

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds – not the City as a whole. Laws and contracts require the City to establish some funds. The City's administration establishes many other funds to help it control and manage money for particular purposes. The City's two fund types – governmental and proprietary – use different accounting approaches.

- **Governmental funds** – Most of the City's basic services are included in governmental funds. These use modified accrual accounting (a method that measures the receipt and disbursement of cash and all other financial assets that can be readily converted to cash) and report balances that are available for future spending. The governmental fund statements provide a detailed short-term view of the City's general operations and the basic services it provides. We describe the differences between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds in reconciliation schedules following the fund financial statements.
- **Proprietary funds** – The City's business activities such as water sales, sewer services, and airport operations are included in proprietary funds. These also use modified accrual accounting in reconciliation schedules following the fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Our analysis focuses on the net assets (Table 1) and changes in net assets (Table 2) of the City's governmental and business-type activities.

Changes in Net Assets

Net assets of the City's governmental and business-type activities increased from \$5,458,672 in 2008 to \$5,641,428 in 2009. Unrestricted net assets – the part of net assets that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements – increased from \$823,753 to \$986,942.

**Table II
City of Abernathy, Texas
NET ASSETS**

	September 30,	
	2009	2008
Current and Other Assets	\$ 1,128,733	\$ 947,987

Invested in Capital Assets		
Net of Related Debt	\$ 4,600,554	\$ 4,604,051
Restricted	53,932	30,868
Unrestricted	986,942	823,753
Total Net Assets	<u>\$ 5,641,428</u>	<u>\$ 5,458,672</u>

**Table II
City of Abernathy, Texas
CHANGES IN NET ASSETS**

	September 30,	
	2009	2008
Revenues:		
Program Revenues:		
Charges for Services	\$ 1,102,582	\$ 1,017,935
Operating Grants and Contributions	11,050	
Capital Grants and Contributions	85,188	353,502
General Revenues:		
Property Taxes	365,662	327,889
Franchise Taxes	105,451	157,274
Sales Taxes	172,498	225,237
Licenses and Permits	3,779	8,969
Investment Earnings	18,746	26,840
Miscellaneous	49,828	43,858
Total Revenue	<u>\$ 1,914,784</u>	<u>\$ 2,161,504</u>
Expenses:		
Primary Government:		
General Government	\$ 281,115	\$ 265,419
Public Safety	288,272	287,094
Public Works	313,076	350,700
Health and Welfare	53,825	51,144
Cultural and Recreation	46,552	49,343
Depreciation	126,244	109,075
Business-type activities:		
Non-Departmental	133,378	128,303
Utility Accounting and Billing	101,527	95,308
Maintenance	384,439	430,882
Interest on Debt	3,600	7,448
Total Expenses	<u>\$ 1,732,028</u>	<u>\$ 1,774,716</u>
Increase in Net Assets	\$ 182,756	\$ 386,788
Net Assets at Beginning of Year	5,458,672	5,071,884
Net Assets at End of Year	<u>\$ 5,641,428</u>	<u>\$ 5,458,672</u>

The City's total revenues decreased from \$2,161,504 in 2008 to \$1,914,784 in 2009, a decrease of \$246,720. This decrease was attributable to a reduction in grant revenues. The total expenditures of the City decreased by \$42,688 from \$1,774,716 to \$1,732,028.

Other factors impacting the City's financial position include the following:

- Fuel prices;
- Grants Received;
- Repairs to water tower;
- Street Sign Replacements;
- Park Improvements; and
- Utility Line extensions on Avenue N.

Fund Balances

The City's total Governmental Funds fund balance at September 30, 2009 and 2008, was \$307,893 and \$181,341, respectively. This fund balance is reported in the General Fund. The General Fund balance of \$307,893 is available for current spending; however, it has been the practice of the City to try and maintain a fund balance that is at least several months operating expenses.

Budgetary Highlights

Over the course of the year, the City Council revised the City's budget. These budget amendments were necessary to reflect the revised estimates of revenues and expenses. The principal amendment was construction expenditures allowing for various grants the City received during the year.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of 2009, the City had \$4,751,550 of capital assets, net of accumulated depreciation. Financial statement footnote 2 discloses the capital asset activity of the City for the fiscal year ending September 30, 2009.

Debt

At the end of 2009, the City had \$150,996 of total debt outstanding. \$71,440 of this is due within one year. The funding for the payment of the capital leases comes from general revenues and funding for the payments on the bonds come from water utilities collected for debt repayment. Financial statement footnote 3 discloses the debt activity of the City for the fiscal year ending September 30, 2009.

FACTORS BEARING ON THE CITY'S FUTURE

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City operates.

Local economy. The City of Abernathy is a largely residential city that has a commercial section along Interstate 27. Both the City's General and Water/Sewer Funds rely heavily on revenues received from all sectors of the community. Lubbock has started moving forward with their industrial park located just 10 minutes south of Abernathy. Recently, Golden Spread Electric Coop announced that they are building a \$200 million power plant approximately 2½ miles north of Abernathy. This combined industrial growth will have an impact on the health of the city.

The General Fund's three largest revenue sources, which are sales tax, property tax and franchise fees, make up 60% of the revenues, and all three have performed well over the last several years. For fiscal year 2009-10, sales tax, property tax, and franchise fees are projected to be \$613,875.

The Water/Sewer Fund's two largest revenue sources, water sales and sewer services, make up 88% of the revenues. For fiscal year 2009-10, water sales and sewer services are projected to be unchanged at \$576,000.

Property taxes for the City (37% of General Fund revenues) have shown growth in recent years, and this trend is expected to continue in the near future due to a strong residential real estate market. Residential construction continues to increase with single home family dwellings expecting to continue to increase. This will serve a vital role of stimulating local businesses and enhancing the City's economic stability.

Long-term financial planning. While the City's largest revenue sources have shown positive trends over the last several years, total revenues have not increased at the same level as increases in the cost of providing services. This gap between revenues and expenditures is expected to widen in the upcoming years due to increased costs for health insurance premiums, workers compensation, and general liability costs. The City is actively pursuing a number of revenue enhancements to close that gap in future years.

The City will continue to seek out expansion at the Abernathy Municipal Airport. In the recent past, the City has had two separate parties locating business operations at the airport and this year, a large portion of unused land was cash-leased for grazing. Any place the City can recapture a portion of the O&M expenses should be given a high priority.

While most of the City's revenue sources have shown positive trends in recent years, the health of the City's budget, like many cities throughout the state, hinges in large part on action at the state level.

Cash management policies and practices. With the change in banking facilities to Vista Bank in late 2003, the City has been able to maintain interest-bearing checking accounts. This was not the case in previous years. The City should continue to explore and take advantage every avenue of maximizing earning capacities of operating capital in a healthy environment.

The City holds a large portion of its portfolio in Certificates of Deposits. Recent economic conditions are not so promising. Interest rates have continued to move downwards over the last year. Whether or not the rates will continue to drop remains to be seen.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Abernathy City Manager, 811 Avenue D, Abernathy, Texas 79311.

CITY OF ABERNATHY, TEXAS

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Abernathy, Texas (the City) operates under a Council / City Manager form of government. The City's major operations include police and fire protection, sanitation and recreation, public works, and general administrative services. In addition, the City owns and operates a water and sewer system.

The City's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. Although the City has the option to apply FASB pronouncements issued after that date to its business-type activities and enterprise funds, the City has chosen not to do so. The more significant accounting policies established in GAAP and used by the City are discussed below.

A. REPORTING ENTITY

These financial statements present the City (the primary government). As defined by GASBS No. 14, component units are legally separate entities that are included in the City's reporting entity because of the significance of their operating or financial relationships with the City. The City does not have component units.

B. BASIC FINANCIAL STATEMENTS – GOVERNMENT-WIDE STATEMENTS

The City's basic financial statements include both government-wide (reporting the City as a whole) and fund financial statements (reporting the City's general fund). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The City's police and fire protection, sanitation and recreation, public works, and general administrative services are classified as governmental activities. The City's water and sewer services and airport are classified as business-type activities.

In the government-wide Statement of Net Assets, both the governmental and business-type activities columns (a) are presented by column, and (b) are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The City's net assets are reported in three parts – invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. The City first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the City's functions and business-type activities (police, fire, public works, etc.). The functions are also supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (police, public works, etc) or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

CITY OF ABERNATHY, TEXAS

NOTES TO FINANCIAL STATEMENTS

The net costs (by function or business-type activity) are normally covered by general revenue (property, sales or franchise taxes, intergovernmental revenues, interest income, etc).

The City does not allocate indirect costs.

This government-wide focus is more on the sustainability of the City as an entity and the change in the City's net assets resulting from the current year's activities.

C. BASIC FINANCIAL STATEMENTS – FUND FINANCIAL STATEMENTS

The financial transactions of the City are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues, and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The following fund types are used by the City:

1. Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the City:

General fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

2. Proprietary Funds:

The focus of proprietary fund measurement is upon determination of operating income, changes in net assets, financial position, and cash flows. The accounting principles generally accepted in the United States of America applicable are those similar to businesses in the private sector. The following is a description of the proprietary fund of the City:

Enterprise funds are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, to be recovered with fees and charges, or (c) establishes fees and charges based on a pricing policy designed to recover similar costs.

CITY OF ABERNATHY, TEXAS

NOTES TO FINANCIAL STATEMENTS

D. BASIS OF ACCOUNTING

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

1. **Accrual:**

Both governmental and business-type activities in the government-wide financial statements and the proprietary funds financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

2. **Modified Accrual:**

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

E. FINANCIAL STATEMENT AMOUNTS

1. **Cash and Cash Equivalents:**

The City has defined cash and cash equivalents to include cash on hand, demand deposits, and cash with fiscal agent.

2. **Investments:**

Investments are stated at fair value (quoted market price or the best available estimate).

3. **Capital Assets:**

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	20-40 years
Water and sewer systems	15-40 years
Machinery and equipment	5-20 years
Automotive	7-10 years

CITY OF ABERNATHY, TEXAS

NOTES TO FINANCIAL STATEMENTS

4. Revenues:

Substantially all governmental fund revenues are accrued. Property taxes are billed and collected within the same period in which the taxes are levied. Subsidies and grants to proprietary funds, which finance either capital or current operations, are reported as non-operating revenue based on GASB No. 33. In applying GASB No. 33 to grant revenues, the provider recognizes liabilities and expenses and the recipient recognizes receivables and revenue when the applicable eligibility requirements, including time requirements, are met. Resources transmitted before the eligibility requirements are met are reported as advances by the provider and deferred revenue by the recipient.

5. Expenditures:

Expenditures are recognized when the related fund liability is incurred.

6. Compensated Absences:

The City accrues accumulated unpaid vacation and sick leave and associated employee-related costs when earned (or estimated to be earned) by the employee.

7. Interfund Activity:

Interfund activity is reported as either advances, services provided, reimbursements, or transfers. Advances are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund, and reduces its related cost as a reimbursement. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

2. CAPITAL ASSETS

Governmental Activities:

Assets

3. LONG-TERM OBLIGATIONS

Capital Lease Obligation

During the year ended September 30, 2005, the City financed \$28,280 for the purchase of a John Deere 5220 tractor. Terms of the lease include an interest rate of 4.75% for five annual installments with the final installment due November 18, 2008. The lease was paid off in the current period.

Note Payable

During the year ended September 30, 2009, the City financed \$8,000 for the purchase of a 2003 truck with Vista Bank. Terms of the note include an interest rate of 7% with five payments of \$1,445 with the final payment due January 12, 2013. The remaining balance on the loan as of September 30, 2009 was \$4,888.

Certificates of Obligation

In 2000, the City issued certificates of obligation totaling \$350,000. Proceeds from this issue were used for the purchase of land and installation of a water well. This debt carries an interest rate of 6% and matures in 2010.

The following is a summary of certificate activities for the year ended September 30, 2009, and the principal and interest requirements for the next 12 months.

	<u>Balance 10/1/2008</u>	<u>Issued</u>	<u>Retired</u>	<u>Balance 9/30/2009</u>	<u>Amounts Due Next Twelve Months</u>

CITY OF ABERNATHY, TEXAS

NOTES TO FINANCIAL STATEMENTS

Principal obligations to maturity are as follows:

	<u>Amount</u>
9/30/2010	\$ <u>45,000</u>

Capital Lease Obligation

During the ended September 30, 2007, the City financed \$89,827 for the purchase of a Firestar Pumper. Terms of the lease include an interest rate of 4.9% for eight annual installments with the first installment due May 1, 2008. The outstanding balance at September 30, 2009, is \$70,482.

Payments to maturity are as follows:

2010	\$ 13,842
2011	13,842
2012	13,842
2013	13,842
Thereafter	<u>27,684</u>
	\$ 83,052
Less: Amount Representing Interest	<u>(12,570)</u>
	<u>\$ 70,482</u>

Capital Lease Obligation

During the ended September 30, 2007, the City financed \$74,950 for the purchase of a Street Grader. Terms of the lease include an interest rate of 4.75% for five annual installments with the first installment due January 1, 2007. The outstanding balance at September 30, 2009, is \$30,626. Payments to maturity are as follows:

2010	\$ 16,413
2011	<u>16,413</u>
	\$ 32,826
Less: Amount Representing Interest	<u>(2,200)</u>
	<u>\$ 30,626</u>

4. LITIGATION – COMMITMENTS

As of September 30, 2009, there were no claims or assessments nor any litigation pending against the City.

Management has evaluated subsequent events through the date of the audit report. No events have occurred subsequent to that date that would require adjustment to, or disclosure in, the financial statements.

CITY OF ABERNATHY, TEXAS

NOTES TO FINANCIAL STATEMENTS

5. PENSION PLAN

Plan Description

The City provides pension benefits for all of its eligible employees through a non-traditional, joint contributory, hybrid defined benefit plan in the state-wide Texas Municipal Retirement System (TMRS), an agent multi-employer public employee retirement system. The plan provisions that have been adopted by the city are within the options available in the governing state statutes of TMRS.

TMRS issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information (RSI) for TMRS; the report also provides detailed explanations of the contributions, benefits and actuarial methods and assumptions used by the TMRS. This report may be obtained by writing to TMRS, P.O. Box 149153, Austin, TX 78714-9153 or by calling 800-924-8677; in addition, the report is available on TMRS' website at www.TMRS.com.

The plan provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS. Plan provisions for the City were as follows:

	<u>Plan Year 2008</u>	<u>Plan Year 2009</u>
Employee deposit rate	5.00%	5.00%
Matching ratio (city to employee)	1 to 1	1 to 1
Years required for vesting	5	5
Service requirement eligibility (expressed as age / years of service)	60/5,0/25	60/5,0/25
Updated Service Credit	Transfers	Transfers
Annuity Increase (to retirees)	30% of CPI	30% of CPI

Contributions

Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Projected Unit Credit actuarial cost method. This rate consists of the normal cost contribution rate and the prior service cost contribution rate, which is calculated to be a level percent of payroll from year to year. The normal cost contribution rate finances the portion of an active member's projected benefit allocated annually; the prior service contribution rate amortizes the unfunded (overfunded) actuarial liability (asset) over the applicable period for the city. Both the normal cost and prior service contribution rates include recognition of the projected impact of annually repeating benefits, such as Updated Service Credits and Annuity Increases.

CITY OF ABERNATHY, TEXAS

NOTES TO FINANCIAL STATEMENTS

The City contributes to the TMRS Plan at an actuarially determined rate. Both the employees and the City make contributions monthly. Since the City needs to know its contribution rate in advance for budgetary purposes, there is a one-year delay between the actuarial valuation that serves as the basis for the rate and the calendar year when the rate goes into effect. The annual pension cost and net pension obligation/ (asset) are as follows:

Annual Pension Cost

Annual Required Contribution (ARC)	\$	30,292
Interest on NPO		
Adjustment to the ARC		
Annual Pension Cost	\$	<u>30,292</u>
Contributions Made		<u>(30,292)</u>
Increase (decrease) in net pension obligation	\$	0
Net Pension Obligation/(Asset), beginning of year		<u>0</u>
Net Pension Obligation/(Asset), end of year	\$	<u><u>0</u></u>

Trend Information for the Plan

<u>Fiscal Year Ending</u>	<u>Annual Pension Cost (APC)</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation</u>
September 30, 2007	\$ 29,857	100%	\$ 0
September 30, 2008	28,294	100%	0
September 30, 2009	30,292	100%	0

CITY OF ABERNATHY, TEXAS

NOTES TO FINANCIAL STATEMENTS

The required contribution rates for fiscal year 2009 were determined as part of the December 31, 2006 and 2007 actuarial valuations. Additional information as of the latest actuarial valuation, December 31, 2008, also follows:

Valuation Date	<u>12/31/2006</u>	<u>12/31/2007</u>	<u>12/31/2008</u>
Actuarial Cost Method	Unit Credit	Projected Unit Credit	Projected Unit Credit

The funded status as of December 31, 2008, the most recent actuarial valuation date, is as follows:

Funded Status	
Actuarial Valuation Date	12/31/08
Actuarial Value of Assets	\$ 380,203
Actuarial Accrued Liability (AAL)	\$ 608,864
Percentage Funded	62.4%
Unfunded Actuarial Accrued Liability (UAAL)	\$ 228,661
Annual Covered Payroll	\$ 422,397
UAAL as a Percentage of Covered Payroll	54.1%

The schedule of funding progress, presented as Required Supplementary Information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability of benefits.

CITY OF ABERNATHY, TEXAS

NOTES TO FINANCIAL STATEMENTS

6. Deposits and Investments

Legal and Contractual Provisions Governing Deposits and Investments

The Public Funds Investment Act (the Act) (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the City to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, and (9) bid solicitation preferences for certificates of deposit. Statutes authorize the City to invest in (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas; (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) Mutual Funds, (8) Investment pools, (9) guaranteed investment contracts, and (10) common trust funds. The Act also requires the City to have independent auditors perform test procedures related to investment practices as provided by the Act. The City is in substantial compliance with the requirements of the Act and with local policies.

Policies Governing Deposits and Investments

In compliance with the Public Funds Investment Act, the City has adopted a deposit and investment policy. That policy does not address the following risks:

- a. **Custodial Credit Risk – Deposits and Investments:** In the case of deposits, this is the risk that in the event of a bank failure, the government's deposits and investments in certificates of deposits may not be returned to it. The City's policy does not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits and investments, other than the following: The State of Texas requires that a financial institution secure deposits and investments made by state or local governments by pledging securities in excess of the highest cash balance of the government. The City is not exposed to custodial credit risk, for its deposits are all covered by depository insurance and pledged securities held by a third party in the City's name.
- b. **Concentration of Credit Risk –** The investment policy of the City contains no limitations on the amount that can be invested in any one issuer. Investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) that represent five percent or more of the total entity investments represent a concentration risk. At September 30, 2009, all of the City's investments are with Vista Bank which are covered by FDIC insurance and pledged securities, and as such the City has no risk.
- c. **Credit Risk –** The risk that an issuer of other counterparty to an investment will not fulfill its obligations. The ratings of securities by nationally recognized rating agencies are designed to give an indication of credit risk. At September 30, 2009 the City was not significantly exposed to credit risk.
- d. **Interest Rate Risk –** Not applicable
- e. **Foreign Currency Risk –** Not applicable

**CITY OF ABERNATHY, TEXAS
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
SEPTEMBER 30, 2009**

BUDGETARY DATA

The following procedures are followed in establishing the budgetary data reflected in the basic financial statements:

- a. Prior to the beginning of the fiscal year, the City prepares a budget for the next succeeding fiscal year. The operating budget includes proposed expenditures and the means of financing them.
- b. A meeting of the City Council is then called for the purpose of adopting the proposed budget. At least 10 days public notice of the meeting must have been given.
- c. Prior to the start of the fiscal year, the budget is legally enacted through passage of a resolution by the City Council.

Once a budget is approved, it can be amended only by approval of a majority of the members of the City Council. As required by law, such amendments are made before the fact, are reflected in the official minutes of the City Council and are not made after fiscal year end. The legal level of control is at the function level. During the year, the budget was amended as necessary. All budget appropriations lapse at year end.

The budget is presented on a basis consistent with accounting principles generally accepted in the United States of America (GAAP).

Annual budgets were adopted for all governmental funds.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Darrell Stephens, Mayor
and Members of the City Council
City of Abernathy, Texas

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Abernathy, Texas, as of and for the year ended September 30, 2009, which collectively comprise the City's basic financial statements and have issued our report thereon dated January 19, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Abernathy, Texas' internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, as discussed below, we identified a deficiency in internal control that we consider to be a significant deficiency.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the following deficiency to be a significant deficiency in internal control:

Internal controls within the City of Abernathy, Texas are limited due to the limited number of personnel responsible for the financial records, which makes segregation of responsibilities impractical.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we believe that the significant deficiency described above is not a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Abernathy, Texas' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

This communication is intended for the information of the City Council and management, and is not intended to be and should not be used by anyone other than these specified parties.

LUBBOCK, TEXAS 79423-1954

January 19, 2010

Honorable Mayor and
Members of the City Council
City of Abernathy, Texas

We have audited the financial statements of City of Abernathy, Texas for the year ended September 30, 2009, and have issued our report thereon dated January 19, 2010. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated March 18, 2009, our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our responsibility is to plan and perform the audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement. As part of our audit, we considered the internal control of City of Abernathy, Texas. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control. We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters. Our audit of the financial statements does not relieve you or management of your responsibilities.

Other Information in Documents Containing Audited Financial Statements

Our responsibility for other information in documents containing the City's financial statements and report does not extend beyond the financial information identified in the report, in addition we do not have an obligation to perform any procedures to corroborate other information contained in these documents.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our engagement letter and meetings about planning matters.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies

used by City of Abernathy, Texas are described in the notes to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2009. We noted no transactions entered into by the City during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There are no sensitive estimates affecting the financial statements.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. Attached to this letter are all adjustments corrected by management.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated January 19, 2010.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the City's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Honorable Mayor and Members of the City Council
City of Abernathy, Texas
January 19, 2010
Page 3

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the City's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Honorable Mayor and Members of the City Council and management of City of Abernathy, Texas and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Balinger, Segars, Gilbert & Moss LLP

Certified Public Accountants
